6. The Collector, Anantapur suggests that the State Nominees should not demand 25% of the value of the bales, while the Collector, North Arcot recommends that the deposit may be waived on the recommendation of the Collector. This suggestion may not be feasible in view of the fact that the State Nominees have to deposit large sums of money with the mills as explained above. After all, the deposit that will have to be made by each licensee may not be more than Rs.200/- to Rs.400/- while the state Nominees have to make advance payments to the Mills to the tune of some thousands of ruppes. The present practice may therefore be allowed to continue.

xxxxx xxxxx xxxxx xxxx

8. The Collector, Nellore suggests that the State Nominee should be prohibited from selling any bales with a margin of 6% as allowed under sub-clause (vi) of Condition 2 of the Scheme, on the ground that this gives liberty to the State Nominee to dispose of the un ifted bales, outside the district. This is not necessary, as such cases have not so far been brought to light. Unless the Nominee is allowed to dispose of bales not required within his district it outside places, he may not take up the business. If there is demand for such bales within the district, the Collector has power under clause 13 of the Madras Yarn Dealers' control Order to direct him to dispose of such bales within the district itself.
